Regulation on reliefs from customs duty (Council  
Regulation (EC) No 1186/2009) Articles 95-101  
(additional procedure code C33)

### Declaration

With my signature, I declare that the goods will not be subjected to research, analysis or tests carried out solely for promotional purposes.

I know the following:

- The goods can only be used for the purpose mentioned on this form
- The goods can only be used in the place in Finland mentioned on this form
- Goods which have not been exhausted or destroyed during research, analyses or tests, or which have not actually been used, must, with the consent and supervision of Customs, be destroyed or made commercially worthless, handed over to the State without cost, or exported outside the Union.
- If the goods remaining after the research, analyses or tests are used for other purposes, customs duty and any other possible import taxes must be paid. Customs duty is levied according to the customs duty rate in force on the date in question, based on the type of goods and the customs value ascertained or accepted on that date by the customs authority.
- The remaining goods can be turned into waste or scrap with Customs' consent. In this case, the duty applicable to waste or scrap in force on the date of conversion to waste or scrap will apply.

### Signature (company applying for exemption from customs duty)
