¹ Article 14 x(4) of the Implementing Regulation:

The list of authorised economic operators may be disclosed by the Commission to the public via the Internet with prior agreement of the authorised economic operator concerned. The list shall be updated.

This form is used also for agreeing or disagreeing with the exchange of the information in the AEO authorization in order to ensure the implementation of international agreements with third countries on mutual recognition of the status of authorized economic operators.

C. Consent to the exchange of the information in the AEO information in the AEO authorization

I hereby consent to the exchange of the information in the AEO authorization in order to ensure the implementation of international agreements with third countries on mutual recognition of the status of authorized economic operators and measures related to security: Yes No

The consent for mutual recognition is relevant only for AEOF or AEOS certificates.

For mutual recognition to work it is imperative that trading partners' Customs Services are aware of each others' AEOs. Exchanging some details related to the AEOs is essential, for example the validity of the AEO status is a necessary part of the information exchange and the data exchanged will be strictly for the purposes of implementing mutual recognition of AEO programmes.

Your consent to exchange your AEO details with the Customs Services of third countries under mutual recognition would be general, not related to specific third countries. However under EU Data Protection legislation, the EU customs authorities can only exchange your AEO details after an assessment of the level of data protection provided by the third country to ensure that it provides an adequate level of protection.

If you prefer not to give your consent, your AEO details will not be exchanged with any of our mutual recognition partner countries and you will not be able to receive the benefits included in the mutual recognition agreements.

If you provide your consent you also have the right to withdraw it at any time by sending a written request to the competent customs authority. However, the withdrawal of your consent to exchange your AEO details will also result in the withdrawal of the benefits associated with mutual recognition. The withdrawal will also be general, meaning that we will no longer exchange your AEO details with any of our mutual recognition partner countries. You have also the right to provide your consent at any time after the certificate has been issued.

You should provide two explicit and separate consents, one for publishing your information on the internet and the other for the purpose of mutual recognition. The only signature acceptable for the purpose of these consents is the signature of the person with authority to sign on behalf of the economic operator.

E. Transliteration

In case you have provided your consent for mutual recognition please provide also the following information:

Transliterated name:

Transliterated street and number:

Transliterated postal code and city:

Only Latin characters should be used as codified in:

<http://www.unicode.org/charts/PDF/U0000.pdf>

To make the exchange of AEO details possible, the EU needs to transliterate, where necessary, the relevant AEO details into the characters of the simple 26 letter alphabet (Latin 1). You would have to advise your business partners in those partner countries to use this transliteration of your company's name and address in their contacts (e.g. customs declarations) with the relevant customs administrations. Some countries are not able to use the same character set used in the EU. Cyrillic letters, specific characters such as accents above or below letters, or letters beyond the simple 26 letter alphabet (Latin 1) cannot be input in their Information and Communication Technology (ICT) systems (A list of allowed characters can be found at the Unicode Standard website: <http://www.unicode.org/charts/PDF/U0000.pdf> (#x0020-#x007E)).

Please input your transliterated name, street, number, postal code and city in this box. If you don't give your consent to exchange AEO details or only apply for an AEO-C certificate you do not need to fill in this box.
