The front page of Customs' declaration service

On the front page of the declaration service, you can find e.g. the following information:

- General information on the application
- Link to Help
- System info
- Call center information
- The user interface languages (Finnish, Swedish or English)
- Instructions for identification
 - Without identification, you can only create entry summary declarations or exit summary declarations for goods carried by road.

Identified users log in to the service by clicking “Log in using Suomi.fi authentication” at the top of the page. Identified users can also see:

- Search
- Selection of declaration type
- Drafts
