

## Customer notice 6 September 2011

### Cross the border faster – print out your bar code

Persons who lodge entry summary declarations in road traffic can print out the MRN of the entry summary declaration provided by Customs as a bar code. Customers can print out the bar code and give the print to the driver. When the driver presents the goods and the bar code to Customs upon arrival at the border, transactions with Customs take place faster.

Further information is available at the e-mail address [turvatiedot\(at\)tulli.fi](mailto:turvatieidot@tulli.fi).

The screenshot shows the TULLI web interface. At the top, there is a navigation bar with the TULLI logo, the text "TULL·CUSTOMS | AREX", and language options "Suomeksi" and "På svenska" along with the website URL "www.tulli.fi". Below the navigation bar, there is a "Front page" button and a "Log in using Katso ID" link. The main content area displays a message "Declaration saved successfully" in orange text. Below this, the MRN is shown as "11F10000000703817". A large barcode is displayed, with the same MRN "11F10000000703817" printed below it. The time stamp "Time stamp: 06.09.2011 14:35" is visible. Below the barcode, there is a section titled "MRN by email" which contains a form with an "Email address" field, a "Covering note" text area, and a "Send email" button. At the bottom of the page, there is a "Print this page" button.
